

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

April 24. The Society met in the Plant Board offices with Pres. Stirling in the chair. Members present: Berger, Beyer, Brown, Lord, Merrill, Montgomery, Newell, O'Byrne, Stirling, Watson. Mr. Brown gave an illustrated paper on "Protecting Florida's Horticulture."

---

May 22. The Society met with the Horticultural Seminar, Dr. E. W. Berger in the chair. Major W. L. Floyd, Prof. of Horticulture in the University; Reginald Hart of the Plant Board, stationed at Ft. Lauderdale; Mr. Ed. L. Ayers, and Prof. J. S. Rogers were elected to membership in the Society. Mr. A. H. Beyer was elected Business Manager of the ENTOMOLOGIST. Mr. Ayers gave the paper of the evening on Bordeaux Mixture. He discussed the proper method of making the mixture and the causes of burning.

---

### PERSONALS

R. N. Van Zwaluwenburg, entomologist of the United Sugar Companies, Los Mochis, Sinaloa, Mexico, was visiting Mr. Merrill, May 28. He was on his way to Cuba to collect parasites of the Sugar Cane Moth Borers.

The position of Extension Entomologist and Pathologist of the Agricultural Extension Division has been filled by the appointment of Mr. Ed. L. Ayers of Texas. Mr. Ayers has had much experience in Texas as Nursery Inspector and with commercial horticultural firms.

Prof. J. S. Rogers, head of the Department of Biology in the University, has left for Michigan on his summer vacation.

Mr. O. T. Stone of the Nursery Inspection Office has moved into his new house on West Union street.

### ANOTHER APHID FROM GAINESVILLE

In connection with the host plant list of Gainesville aphids by Mr. Mason, published in our last issue, Mr. Geo. G. Ainslie calls our attention to *Carolinaia cyperi* Ainslie, the original description of which was published in the Canadian Entomologist March, 1915. This was collected from nut grass at Gainesville by Mr. Ainslie and is probably the species Mr. Mason records on page 23 as *Carolinaia* sp.
